

All Purpose Dolly

Height 40" (1006mm)	Width 17.6" (448mm)	Depth 37.5" (953mm)	Weight 33.6 Lbs. (15.26Kg)
------------------------	------------------------	------------------------	-------------------------------

“The All Purpose Dolly”. Safe & efficient way of transporting the “Max” Resin Folding Chair, “Max” Resin Chiavari Chair & Poly Metal Folding Chairs, all with the use of a hinged lip.

Photo A: When fully extended, the all purpose dolly is the proper length to accommodate Poly Metal Folding chairs.

Photo B: When folded in, the All Purpose Dolly accommodates the “Max” Resin Folding Chair, becoming the proper length for safe transportation.

Photo C: Extended inner frame accommodates two stacks of Chiavari style chairs for easy transportation of up to 14 chairs at a time.

Photo D: Inner frame also has grooves that perfectly hold a “Max” Resin folding chair in place.

Each caster can hold up to 1000 Lbs.

All Purpose Dolly can also accommodate most wood chiavari & folding chairs.
